Fairview Turns 50!

July 2010 marks the Fairview Community Association's 50th Anniversary of community service. This milestone represents an historical point for our neighbourhood and many of our residents and local businesses will also be marking 50 years of making our community their home.

We would like to invite you to join us on Saturday, July 24th for an all-day celebration of the Fairview Community. We are organizing a full-day event that will enlighten and enrich residents, past, present and future and showcase our community to the entire city.

Federation Website Gaining Popularity as we Work to Make it a Better Resource for Communities...

The Federation's website www.calgarycommunities.com encountered an unusual problem a couple of week's ago...

The website crashed, not an unusual problem by nature, but upon contacting our web provider we learned that it had in fact gone down because of over usage. It seems as though all of the upgrades and work that we have been putting into the website to make it a more effective tool for our members and for the general public wanting to find out more about community associations.

This is encouraging news and are happy with the attention our site has been receiving!
